The mission of the Health Equity Research Fellowship at Weill Cornell Medicine and Hunter College is to train investigators for academic careers in primary care, hospital medicine, global health, and health services research.

This innovative mentored research fellowship focuses on physicians, nurses, and PhDs who aim to become extramurally funded independent researchers.

Our program is uniquely designed to deepen trainees’ understanding of health care, local and international healthcare delivery systems, epidemiology of disease, and interventions to improve health outcomes. We offer four focus areas and they are Primary Care, Health System Redesign, Community-Partnered Research, and Global Health.

**Program Features**
- Two to three-year fellowship duration depending on prior training and experience
- Tailored one-on-one faculty mentorship from a multidisciplinary team of faculty at Weill Cornell Medicine, Cornell University, and Hunter College
- Master of Science degree in Clinical Epidemiology and Health Services Research based in the Weill Cornell Graduate School of Medical Sciences for trainees without prior formal training
- Vibrant, supportive environment created by our Diversity Center of Excellence
- Competitive salary and benefits

**Eligibility**
Eligible applicants have an MD, DO, DNP, PsyD, PharmD, MBBS, MB ChB, or PhD with a strong commitment to becoming scientists. Clinicians must have completed clinical training. Applicants with prior research experience or with a Masters or PhD in addition to their clinical degree are encouraged to apply; the program can be adapted to provide them with more advanced training. US citizens or Permanent Residents only. Women and minorities are strongly encouraged to apply.

This program is supported by T32HP42021 (M. Safford, PI) and D34HP31879 (S. Morales, PI) from the Health Resources & Services Administration of the Department of Health and Human Services.
Health Equity RESEARCH FELLOWSHIP

Collaboration Opportunities

**Cornell Collaborations**
- Cornell Center of Health Equity
- Weill Cornell Center for Global Health
- Sandra and Edward Meyer Cancer Center
- Cornell Tech

**Hunter Collaborations**
- Brookdale Center for Healthy Aging & Longetivity
- Center for Community Planning and Development
- Center for Gifted Studies and Education
- Center for Media and Learning
- Center for Occupational & Environmental Health
- Center for Study of Gene Structure & Function
- Center for the Analysis and Research of Spatial Information
- Center for the Study of Family Policy
- Center on AIDS, Drugs, & Community Health or Center for Community and Urban Health
- Centro de Estudios Puertorquenos or Center for Puerto Rican Studies (CENTRO)
- CUNY Institute for Computer Simulation, Stochastic Modeling, and Optimization (CoSSMO)
- Hunter College NYC Food Policy Center
- Institute for Education Policy at Roosevelt House
- Institute for Biomolecular Structure and Function
- National Center for the Study of Collective Bargaining in Higher Education and the Professions
- National Resource Center for Permanency and Family-Connections
- Roosevelt House Public Policy Institute
- The CUNY Institute for Sustainable Cities
- The National Center for the Study of Collective Bargaining in the Higher Education Professions
- Urban Center for Assessment, Research and Evaluation (UCARE)

**Application Deadline**
Rolling Admission
