

Complex and High-Risk Interventional Procedures (CHIP) Fellowship

The Complex and High-Risk Interventional Procedures (CHIP) fellowship at New York Presbyterian/Weill Cornell Medical Center is a one-year, non-ACGME-accredited fellowship designed to provide advanced training in percutaneous coronary intervention (PCI) strategies for patients with complex lesion subsets including chronic total occlusion (CTO) as well as associated comorbidities and/or hemodynamic instability. This advanced fellowship will hold an academic rank of Instructor in Medicine.

Application Deadline: Oct. 15, 2025

Fellowship Curriculum:

1. CTO intervention encompassing all advanced crossing strategies
2. High-level integration of non-invasive imaging modalities for patient selection (cardiac PET and MRI) and procedural planning (coronary CT angiography)
3. Comprehensive application of intravascular imaging and physiology for PCI optimization
4. Mechanical circulatory support for high-risk PCI and management of cardiogenic shock including participation in the shock team
5. Complications prevention and management
6. Radiation safety and contrast dose management
7. Participation in weekly outpatient Complex Coronary Clinic
8. Research projects related to management of patients with refractory angina.

Following completion of the CHIP fellowship, trainees will have the necessary skills to become independent operators in complex, high-risk and CTO PCI.

Program Faculty:

Jai Khatri, MD

Director of Cardiac Catheterization Laboratory at NYP/Weill Cornell Medical Center

Program Details:

Duration of training: 12 months (July 1, 2026 to June 30, 2027)

- A recent photograph
- Curriculum vitae
- Personal statement or cover letter (one page)
- USMLE/COMLEX transcript(s)
- ECFMG certificate (if applicable)
- Three letters of recommendation

Weill Cornell Medicine is a comprehensive academic medical center that is committed to excellence in patient care, scientific discovery, and the education of future physicians and scientists in New York City and around the world. Our doctors and scientists - faculty from Weill Cornell Medical College, Weill Cornell Graduate School of Medical Sciences, and the Weill Cornell Physician Organization - are engaged in world-class clinical care and cutting-edge research that connect patients to the latest treatment innovations and prevention strategies. Located in the heart of the Upper East Side's scientific corridor, Weill Cornell Medicine's powerful network of collaborators extends to its parent university Cornell University; to Qatar, where an international campus offers a U.S. medical degree; and to programs in Tanzania, Haiti, Brazil, Austria and Turkey. Our medical practices serve communities throughout New York City, and our faculty provide comprehensive care at NewYork-Presbyterian Hospital/Weill Cornell Medical Center, NewYork-Presbyterian/Lower Manhattan Hospital, NewYork-Presbyterian Hospital/Brooklyn Methodist Hospital, NewYork-Presbyterian Hospital/Westchester Behavioral Health Center, and NewYork-Presbyterian/Queens. At Weill Cornell Medicine, we work together to treat each individual, not just their conditions or illnesses, as we strive to deliver the finest possible care for our patients - the center of everything we do. Weill Cornell Medicine is an Equal Employment Opportunity Employer. Weill Cornell Medicine provides equal employment opportunities to all qualified applicants without regard to protected status, including race, sex, sexual orientation, gender identity, national origin, color, age, religion, protected veteran or disability status, or genetic information.
